### ***SPECIAL SITTING OF CITY COUNCIL:***

## **ADOPTION OF PROPOSED *PLAN PARTICULIER D'URBANISME* FOR THE CITY'S NORTH SECTOR**

**SAINTE-ANNE-DE-BELLEVUE, Tuesday, May 2, 2017** –Sainte-Anne-de-Bellevue's City Council officially marked the first stage of the adoption process of the *Plan Particulier d'Urbanisme* (PPU) of its North Sector, by unanimously adopting the PPU and its concordance by-laws on Monday, May 1<sup>st</sup>, at a special sitting of City Council at Centre Harpell.

"We are finally at the last stage of a long process that will lead to the implementation of an innovative North Sector PPU in harmony with the environment, while meeting the expectations of Sainte-Anne-de-Bellevue residents. We have been front and centre throughout this exercise that initially started in 2014, deploying our work in an open and transparent manner, and continuously listening to our fellow citizens' concerns. These fundamental principles have made it possible for the members of City Council to come to a general agreement. This will be a successful, unifying project we can be proud of", said Paola Hawa, Sainte-Anne-de-Bellevue's Mayor.

The North Sector PPU is the result of a process based on citizen engagement that began in the Spring of 2015. From citizen workshops to briefing sessions held on May 20, 2015 and December 14, 2016, citizens were kept at the core of the procedures. The planning stages and the vision for the North Sector have been significantly influenced by comments and concerns expressed by our citizens. Moreover, the 2016 announcement of the proposed Metropolitan Electric Network (or REM – Réseau électrique métropolitain), added a much greater potential for human mobility, and has considerably reoriented the development of the PPU.

Within the framework of a **public consultation**, citizens will have yet again another opportunity to express their views regarding the North Sector PPU before its final adoption. This assembly will be held on **May 25, at 7:00 p.m.** at a location that will soon be disclosed.

Meanwhile, citizens are invited to download the PPU project, adopted during the May 1<sup>st</sup> special sitting of City Council, along with the concordance by-laws, which will be available this Wednesday May 3, in the "Municipality" section, under the "Programme particulier d'urbanisme" tab, on our website, at [www.sadb.qc.ca](http://www.sadb.qc.ca). We invite you to follow the "Planification du secteur Nord" section on our Facebook page to know the location of the next public consultation.

**TOGETHER! FOR A VISION OF THE NORTH SECTOR  
THAT UNITES US AND REFLECTS WHO WE ARE!**
