SAINTE-ANNE-DE-BELLEVUE, September 15th, 2017 – The city of Sainte-Anne-de-Bellevue is very proud to unveil its new free public wireless Internet network in the downtown area. It serves to enhance the vitality of the Annabellevoise community and meets the connectivity needs of its visitors.

This new public network is now available to everyone walking along the Boarwalk and a part of Sainte-Anne Street between Lalonde Street and the Parks Canada Lock. This new connected area provides tourists, visitors and citizens with free access to the Web all year round.

By connecting to the Wi-Fi network from their devices, visitors will be invited to access the City's website (www.sadb.qc.ca) where they can view tourist information and see what major events are happening on in and around the city.

"The unveiling of this public Wi-Fi network is part of the City's tourism initiatives and is sure to boost the vitality of the downtown core while enhancing its commercial and tourism appeal," said Paola Hawa, Mayor of Sainte-Anne-de-Bellevue.
