

Ecology Day: Important Notice to Citizens and Businesses

Complete closure of rue Sainte-Anne (between Saint-Pierre and Lalonde), Saturday, September 14, from 8 am to 2 pm

For the 7th year in a row, Ecology Day, in collaboration with Marché Sainte-Anne and the Environment Committee, will be held on Saturday, September 14th. This event forces the closure of Rue Sainte-Anne, between Saint-Pierre and Lalonde, to ANY traffic between 8 am and 2 pm. In order to ensure this event runs smoothly, we kindly ask you to respect the parking restrictions.

Visitors are invited to use **municipal parking lots**, especially the ones at EXO train station and John Abbott College (behind the synthetic field). A free shuttle bus will tour all of the event's sites from 9 am to 5 pm.

We thank you for your collaboration, which is essential to the safety of all and the smooth running of this colorful family day.
