Spring is finally here!

Warm weather has barely arrived and it's already time to think about organizing your summer!

It is with great pleasure that the City of Sainte-Anne-de-Bellevue is once again offering a municipal day camp this summer. Below, you'll find information on the camp, and more.

2021 Day Camp

This year, an important new member joins our dynamic team: the specialized company [L'Air en Fête](#). This experienced organization is recognized for providing children with quality and safe supervision.

L'Air en fête will be in charge of the programming and registrations for the 2021 camp.

This year's edition promises to offer children various activities: crafts, sports, recreational and group games, great games, songs and many surprises!

Special activities await your children, with a different theme every week!

See more details on the 2021 Day Camp

Special activities on the program

Due to the uncertainty regarding the pandemic situation and in order to ensure a safe environment for children and monitors, the City of Sainte-Anne-de-Bellevue and L'Air en fête have decided to replace the

outings initially planned in the program with special activities.

Suppliers will go directly to the camp to provide exceptional days for the children.

By making this decision now, we will be able to book the services of the best providers in the market.

Note that parents will be notified of special activities week after week by email.

Who is this camp for?

For children from 5* to 12 years old.

**Kindergarten completed and 5 years old reached as of September 30, 2020*

Open to residents and non-residents.

General information

The camp will take place at the Centre Harpell from June 28 to August 20, 2021, from 9 a.m. to 4 p.m.

Day care service is also available for extended hours.

[Consult the website](#) for the program.

Registrations

Online registrations will open **on March 30, from 9 a.m.**

[Consult the website](#) for details on prices and registration procedures.

Working at the municipal Day Camp

The day camp is an extremely stimulating and formative work environment for young people. Each year, we have the chance to assemble a great team to supervise and entertain our kids.

As they are highly coveted, we would like to let you know that we have already filled all of our positions for this summer's camp.

Looking for things to do for Easter?

Craft project: The municipal library proposes a new Easter craft to make at home. Kits containing the necessary equipment are available **upon reservation**.

Easter at the zoo: The Ecomuseum Zoo continues the tradition with its easter egg hunt! This year, tickets must be reserved in advance, hurry!

Hiver en fête: our snow sculpture winners

Congratulations to our snow sculpture competition winners!

1st place: Laurence-Abelle and Emmanuel Crevier

2nd place: Poulin-Lamarche family

3rd place: Mark MacDougall and Gillian Martin

We would also like to thank all the citizens who participated in the first edition of Hiver en fête! It was a great success and a pleasure to be able to encourage outdoor winter activities.

Mayor's Blood Drive

In order to continue the tradition of donating blood despite the COVID-19 pandemic, the Mayor's annual blood drive will take place again this year, on May 4, 2021. It will take place at the Centre Harpell, **upon appointment only**.

To make an appointment, call **1 800 343-7264** or write to **jedonne@hema-quebec.qc.ca**.

We thank you for your great generosity!
