## SPVM: HOW TO REPORT A NON-URGENT SITUATION

The SPVM provides citizens with a new way to report a situation that is not an emergency, but still doesn't respect the directives issued by the government of Quebec.

You can now go to the [SPVM website](#) to complete a report. Once completed and submitted, this online report will be processed according to emergency priorities.

**The SPVM asks the public to no longer dial 911 for these cases, but only for situations requiring the immediate presence of emergency services.**
